

**Data Directory – Instructions:**

This folder is intentionally left empty and does not contain raw data files due to file size and licensing restrictions.

**Dataset Overview:**

The dataset contains monthly police-reported street-level crime data in West Yorkshire from April to September 2020. Each file corresponds to one month and includes columns like Crime ID, Crime type, Location, Latitude, Longitude, and more.

**How to Access the Data:**

You can download the same datasets used in this project from the following location:

**<https://tinyurl.com/DSDP25>**

(Provided as part of the LIDA DSDP interview task)

**Alternatively, the source is:**
